The European Universities alliances

The European Universities initiative is an ambitious EU initiative aimed at establishing alliances between higher institutions from all across Europe, for the benefit of their students, staff and society. It is implemented primarily through Erasmus+ funding.

There are 65 Alliances in 35 Countries.

1. What is EELISA?

EELISA leaders and representatives gathered in Pisa,
November 2024.

European Engineering Learning Innovation and Science Alliance (EELISA)

Brings together **10 institutions** from **8 countries** in Europe with the goal of making European higher education a driving force for an **equitable green and digital transition**.

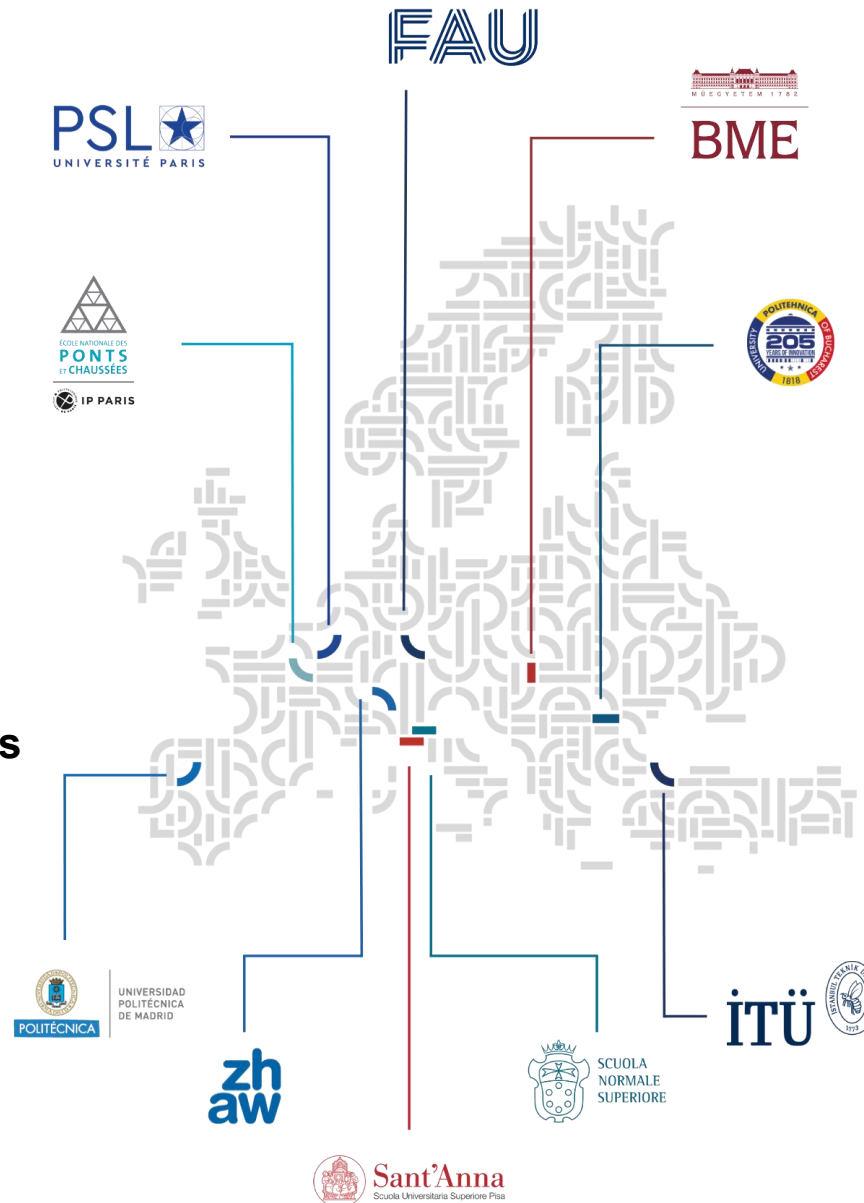

EELISA

EELISA's acronym pays tribute to women engineers through the memory of **Elisa Leonida Zamfirescu** (1887-1973), one of the first women to obtain an engineering degree in the world. She also embodied the values of **multiculturalism, inclusiveness, innovation, excellence, and social commitment** that EELISA holds today.

EELISA Members

- The two new EELISA's associated partners
- University of São Paulo (USP)
 - Technical University of Moldova (UTM)

Our vision into practice

*Bridging Engineering, Sciences and Humanities for Equitable,
Sustainable and Digital Societies*

1. CREATING TRANSFORMATIVE EXPERIENCES THROUGH EELISA CAMPUS

To foster multi-layered, innovative and flexible learning opportunities that are easily accessible across the 10 partners of EELISA (seamless in-person, hybrid and digital mobility).

2. CONNECTING COMMUNITIES THROUGH UNPRECEDENTED COLLABORATION

To consolidate the shared ecosystem of EELISA Communities as the learning lab of systemic, structural, and sustainable cooperation models.

3. BUILDING THE UNIVERSITY OF THE FUTURE WITH A HOLISTIC APPROACH

To consolidate the EELISA European University as a sustainable Alliance that progressively grows in its depth, scope, diversity and ambition.

The EELISA European Engineer

***A model to shape today's
higher education and
impact tomorrow's society***

1. SKILLS

High level scientific, theoretical
and digital skills with a cross-
disciplinary approach

2. SUSTAINABILITY

Commitment to address sustainability
and socio-environmental risks of new
technologies

3. INTERCULTURALISM

Interculturalism and
inclusiveness, embracing a
pan-European perspective

4. CRITICAL THINKING

Effective professional development
through enhanced proficiency in
business and communication skills,
critical thinking, and practical and
applied knowledge

EELISA Education offer

Aiming to elevate **EELISA's educational portfolio** across all levels (BA, MA, and PhD), driving **greater international appeal** and fostering advanced **education management** practices to meet European grand challenges.

EELISA RECOGNITION FORMATS

EELISA credential

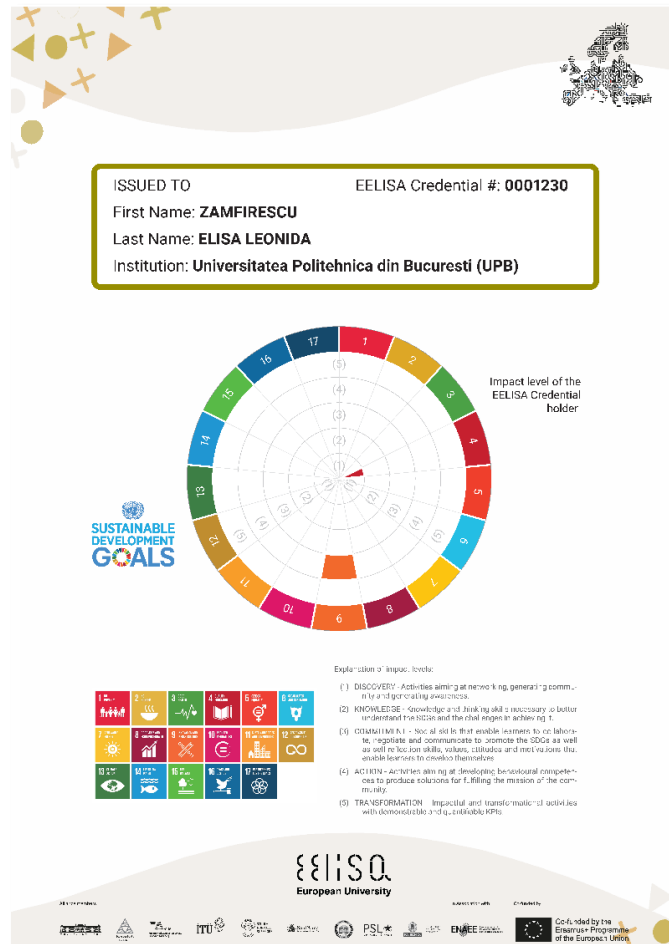

8529 EELISA
Credentials awarded

Signed by the EELISA President on behalf of the ten Rectors, Directors, and President of the EELISA partner institutions, the EELISA Credential is a unique recognition system that aims to become a benchmark for public institutions, companies, and civil society organizations when looking for **committed professionals ready to transform knowledge into action.**

EELISA President, Mr. Dale Martin, hands an EELISA Credential to EELISA student Flavius Dragoi during the EELISA Achievements Celebration Event in Budapest (September, 2022)

What is it?

Recognition of knowledge and skills acquired by participants in **EELISA community** activities.

How does it work?

Progressive and cumulative system = Badges collected according to levels of impact (1 to 5) on the 17 sustainable development goals.

Impact levels:

1. **Discovery** (e.g. attending a conference)
2. **Knowledge** (e.g. attending a lecture with exercises and scenarios)
3. **Engagement** (e.g. organizing a public communication)
4. **Action** (e.g.: propose a project)
5. **Transformation** (e.g. implement a transforming action with KPIs)

EELISA supplement

**89 EELISA
Supplements** awarded

The Alliance's common **recognition of a student's mobility**, as a means of encouraging and recognising the **multicultural competencies and international and European citizenship values** thereby acquired.

To obtain the EELISA Supplement, students must achieve **10% of the ECTS credits required for the degree in their home institution through mobility within the alliance** (short, long, physical, blended or digital).

ENPC Students holding their EELISA Supplements. June 2023.

EELISA SUPPLEMENT

EELISA European Engineering Learning Innovation and Science Alliance, here represented by its 10 Rectors, Presidents and Directors or their representatives, is honoured to deliver an EELISA Supplement to «Name» «Surname».

The EELISA Supplement is the alliance's common recognition of a student's mobility, as a means of encouraging and recognising the multicultural competencies and international and European citizenship values thereby acquired.

To obtain the EELISA Supplement, students must achieve 10% of the ECTS credits required for the degree in their home institution through mobility within the alliance. All forms of mobility (short, long, physical, blended or digital) are recognised and subject to validation by the home institution under the alliance's charter for mutual recognition.

Surname: «Surname»	Name of the qualification: «Name_of_the_qualification_home_degree»
Name: «Name»	Name and status of awarding institution: «Name_and_status_of_awarding_institution_»
Date of birth: «Date_of_birth»	
Name of EELISA activity: «Name_of_the_courseactivity_1»	Host institution: «Host_institution_of_course_activity_1»
Number of ECTS: «Number_of_ECTSof_activity_1»	Date of course / academic activity: «Activity_1_Starting_date» to «Activity_1_Ending_date»

«Country_of_awarding_institution», Wednesday, 31 May 2023

EELISA Mobility – EELISA Activity Grant

The BME EELISA Activity Grant aims to support BME students who will study abroad with a short mobility program at an EELISA University:

- Université Paris Sciences et Lettres (France)
- École des Ponts ParisTech (France)
- Friedrich-Alexander-Universität Erlangen-Nürnberg (Germany)
- Scuola Normale Superiore Pisa (Italy)
- Scuola Superiore Sant'Anna Pisa (Italy)
- Universitatea Politehnica din București (Romania)
- Universidad Politécnica de Madrid (Spain)
- İstanbul Teknik Üniversitesi (Turkey)
- Zurich University of Applied Sciences (Svájç)

Please check if you are eligible to apply: (Hungarian [HERE](#), English [HERE](#)).

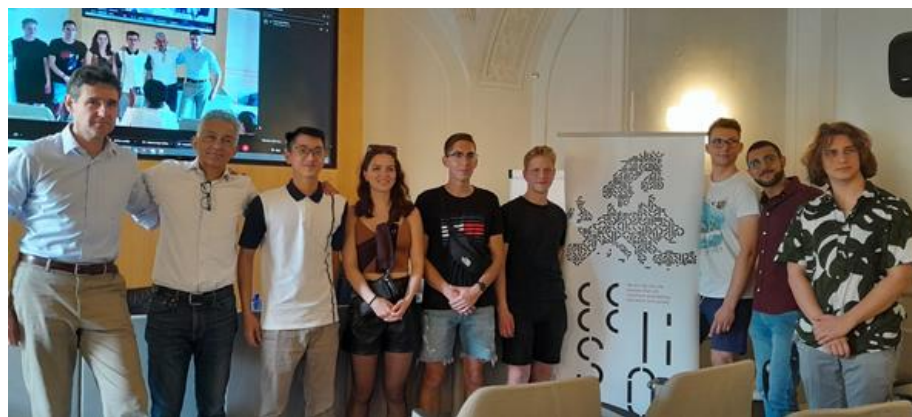

If you are eligible, please complete your EELISA Mobility application [HERE](#)!

Feel free to reach out if you have any questions: eelisa@bme.hu

You can find courses and programs on the www.eelisa.eu website, and the EELISA Community platform (scroll down please) or offers from Seasonal Schools.

Students' mobility at EELISA universities
